

## **Cry Baby Semi-Permanent Mascara has landed in Australia**

Cry Baby gives you the mascara look but the big difference between Cry Baby and normal mascara is that Cry Baby is waterproof – it won't smear or smudge and it will last for three weeks or longer and is professionally applied to the top and bottom eyelashes. Imagine getting up in the morning and you already have your mascara on plus swim and exercise without the worry of smudging mascara.  
Now at For the Love of Beauty!!
